INTERNSHIP EXPERIENCE

CodeAlpha | Full Stack Developer Intern | Jan 2026 – Feb 2026

- Delivered 2 full-stack application implementations—E-commerce and Social Media—across frontend, backend, database and API layers.
- Implemented application workflows using authentication, CRUD operations, RESTful APIs, MongoDB/database integration and responsive web development.
- Built reusable frontend interfaces and connected user actions with backend logic and persistent application data.
- Applied Git/GitHub for version control and organized project code across frontend and backend components.
- Implemented documented user-facing functionality covering product/content management, user interaction, profiles and shopping workflows.

PROJECTS

BuzzUp | Full-Stack Social Media Platform | Jan 2026 – Feb 2026

Tech Stack: HTML, CSS, JavaScript, React.js, Node.js, MongoDB, REST APIs, Git, GitHub

- Developed 4+ documented interaction areas—user accounts, profiles, posts and likes/comments—to support core social workflows.
- Implemented authentication, profile management and post CRUD operations, connecting user actions to backend application logic.
- Integrated React.js frontend with Node.js/REST APIs and MongoDB for persistent application data and full-stack workflows.
- Used Git/GitHub for source-code management and maintained the project repository.
- Applied responsive UI design to support clear navigation, usability and user interaction.
